HOOVER-PARKER BOOM IS STARTED

"LIBERAL DEMOCRATIC PARTY"
THE LATEST POSSIBILITY IN
POLITICS ACCORDING TO
THIS WRITER

By ROBERT J. BENDER
NEW YORK, March 6.—"Liberal democratic" party with Herbert Hoover for president and John Parker, governor-elect of Louisiana for vice president, is the latest possibility developed in the political arena in so far as the democrats are concerned. A strong movement—and it is interesting in that it has its inception among democratic leaders of the south—has been started to unite northern "liberal democrats" with a view to capturing the democratic party convention from the administration leaders.

A canvass in confidential quarters among the foremost democrats chieftains of the south, just completed, reveals a surprising Hoover sentiment, with Wm. Gibbs McAdoo second choice and virtually no enthusiasm whatever for any other democratic candidates thus far mentioned.

It also reveals the following: That the election of Parker as governor of Louisiana after he smashed the old state democratic machine has resulted in quite a spread of "independent" sentiment through the southern states.

That the administration, largely because of its labor policy, is not popular and that the administration machinery is badly crippled.

That the influx of men from Kansas, Illinois, Pennsylvania and other northern states into Texas and Oklahoma as a result of the oil booms will result in a heavy increase in the republican vote in those states. That northern Texas appears likely to go republican.

That the general belief is that either Governor Lowden of Illinois or Senator Harding of Ohio will be nominated by the republicans and that the only chance the democrats would have to win would be to nominate a strong progressive ticket such as would establish the party as the "liberal" party and draw liberal votes from the north as well as the south—democrats and republicans alike.

That to attain this end no better ticket could be set up than Hoover for president, who already has received much republican and democratic support, and John Parker, who was tendered the nomination for president in 1916, after Col. Roosevelt declined to run.

OKLAHOMA LEGION OPPOSES CASH BONUS
By News' Special Service.
MUSKOGEE, Okla., March 7.—The Oklahoma executive council of the American Legion in session here today decided to oppose the proposal to ask congress for a cash bonus for ex-service men but endorsed all efforts tending to obtain national legislation seeking to relieve the returned soldier in need.

The report of the executive committee will be presented to a state conference of post commanders and adjutants tomorrow.

Teacher Training Class.
The Teacher Training Class will meet this evening at the Christian Church at 7:30. The subject of the lesson will be "Five Formal Steps in Teaching." All teachers are invited to attend this meeting. In the absence of the regular instructor, Prof. M. L. Perkins will conduct the meeting.

Man Bound Over To High Court on Larceny Charge
Dan Kennedy of the Fitzhugh community had a preliminary trial before Justice Brown Saturday on a charge of larceny of livestock. He is accused of stealing a hog from a man named Thomas. He was bound over to the district court under a bond of \$1,000. Kennedy was represented at his preliminary by Robert Wimblish, while County Attorney Wadlington appeared for the state.

Attention Masons.
Ada Lodge No. 119 A. F. & A. M. will meet in called communication for work in the Fellowcraft degree at 7:30 P. M. Tonight. All visiting masons welcome.
R. H. GLADWILL, W. M.

THE DRYS WOULD PURCHASE BOOZ

TO PURCHASE IT WOULD REMOVE INCENTIVE TO WORK FOR REPEAL OF THE ENFORCEMENT LAW.

WESTERVILLE, Ohio, March 6.—Purchase by the federal government of all liquor stocks in bond is urged by the Anti-Saloon League, in a statement issued here today at the league's national headquarters by Ernest R. Cherrington, secretary of the league's executive committee.

The statement says: "Now that prohibition has gone into effect, everything which the government can do to make it easy to enforce the law should be done."

"With over 60 million gallons of whiskey bonded in warehouses there is a constant temptation to devise ways and means of utilizing that liquor in spite of the law. Moreover, so long as that whiskey is in existence, those who own it, realizing as they do its commercial value except for prohibition, will be constantly tempted to use millions of dollars in efforts to repeal and break down the prohibition law."

It was said the Anti-Saloon League may ask congress for legislation authorizing purchase of all bonded liquors.

Freight Depot To Be Erected In Ada by Frisco

The first substantial improvement undertaken by the Frisco following the restoration of the railways to private control will be the erection of a freight depot in Ada. Blue prints for the building have been prepared and it is said that the building will be erected in the immediate future.

According to present plans the depot in contemplation will be erected on the block between Broadway and Townsend and will cover the block between the two streets. It is said that the affair will be a finished brick structure similar to the freight depot of the Frisco at Tulsa, and when finished will be one of the best of its character in the Southwest.

Another change contemplated by the Frisco people is a new location for the offices of the superintendent of the Red River division. It is known that the company officials have been considering the advisability of locating these offices at Ada, and are as yet undecided between Ada and Port Worth. The locating of the superintendent's offices here would be a substantial addition to the city, as it would bring at least twenty-five additional families here. This is a proposition that the Chamber of Commerce should become interested in immediately.

VILLA BANDITS HOLD AMERICAN

HOLD UP AND LOOT TRAIN AND HOLD EMPLOYEE OF AMERICAN SMELTING AND REFINING CO.

By the Associated Press.
EL PASO, Texas, March 8.—Joseph Williams, an employee of the American Smelting and Refining Company at Pedernales, Mexico, is a captive in the hands of Francisco Villa, held for \$50,000 ransom, according to passengers from southern Chihuahua, who have reached Juarez. Williams, who is an American citizen, served in the World War, and suffering from the effects of German gas, was returning to the United States for treatment when the north-bound Mexico City train on which he was traveling was held up Thursday morning last, four hundred miles south of El Paso.

In a battle between Villa's men and the train guard, ten of the bandits and nineteen of the train guard were slain, and the balance of the defenders, fifty in number, were either wounded or driven off. The train and Pullman car conductors were among the dead, the latter being killed by a shot from Villa's pistol.

Williams and an Arabian merchant were forced to accompany the bandits when they rode away, leaving the balance of the passengers marooned in the desert country, bereft of their belongings and many of them without clothing which had been taken by the bandits.

WEATHER FORECAST.
Generally fair tonight and Tuesday. Somewhat warmer.

BEWARE OF THE "SHEVIK" BEARING GIFTS

MEN GIVING WAY TO WOMEN HE SAYS

CARDINAL O'CONNELL SAYS MEN ARE BECOMING EFFEMINATE AND WOMEN ARE GETTING MASCULINE.

By the Associated Press.
BOSTON, Mass., March 8.—Growing weakness on the part of the men of this country is developing a sinister feminism, Cardinal O'Connell told a gathering of men at the cathedral of the Holy Cross last night. Man as the head of the house, he said, should exert his proper authority in the home. Failure to do this, the cardinal asserted, leads to a false feminism which, unless it is curbed, in time will have disastrous results for humanity.

"The women are becoming masculine, if you please, and the men are becoming effeminate. This is disorder," Cardinal O'Connell questioned how a father could "look on and see his children, especially the girls, running rampant without any consideration for modesty."

Headship of a family, he said, meant that the father should look after the morals of the whole family.

Two Candidates Failed To File In Time To Run

The expiration of the time for candidates to file with the election board Saturday night seems to have caught two of Ada's popular candidates, asleep at the switch. The two who are thereby barred from participation as candidates in the city's approaching free-for-all are Jno. P. McKinley, candidate for treasurer of the school board, and E. E. Ueltschey, candidate for commissioner of public works. It is reported that they overlooked the law requiring candidates to file ten days before the election and are therefore out of the race ipso-facto, or words to that effect. It is even said by idle gossipers that the election board couldn't spell Mr. Ueltschey's name and for that reason left his name off the ballot. Very few people believe this insinuation, however.

Major Dickson, the "fighting chaplain," will deliver his wonderful description of the battle of Verdun tonight.

Major Dickson To Speak at the Normal Tonight

Major Thomas J. Dickson, well known veteran of the Great War will speak at the Normal Auditorium tonight at eight o'clock under the auspices of the American Legion.

Major Dickson was a famous chaplain during the war and saw service from the first to the last of the great conflict. He is lecturing under the auspices of the American Legion and the lectures are free.

It was not known until this afternoon that Major Dickson would be here and for that reason it is not possible to give him the advertising that his record deserves. At any rate the lecture will be one that no citizen would like to miss and the whole public is urged to come out tonight.

WILSON TO STATE POSITION TODAY

By the Associated Press.
WASHINGTON, March 8.—President Wilson will state his position on the Lodge reservation to Article 10, probably today, it was announced at the White House.

The President's attitude on this and other reservations will be outlined in a letter to Senator Hitchcock. He will not see Senator Simmons as requested by Senator Hitchcock, but will write to him telling him the matter is sufficiently covered in his reply to Senator Hitchcock. The President's letter was put in final form this morning. In it the President was said to have made his position equally clear as he did two weeks ago in his conference with Senator Glass of Virginia.

Administration officials said the President would not accept the Lodge reservations to Article 10.

Snows in New Orleans.
NEW ORLEANS, March 8.—Snow fell here for twenty minutes early this morning, the only time on record in March. Sleet followed and seriously interfered with traffic. Mobile also reported a trace of snow.

A war lecture that has never been excelled will be given by Major Dickson at the Normal tonight.

A KIDNAPPING TRUST IS LATEST

MEXICO HAS WELL DEVISED SCHEME OF KIDNAPPING MEN AND HOLDING THEM FOR RANSOM

By the Associated Press.
WASHINGTON, March 8.—Discovery of a cooperative kidnapping association, having for its purpose "the kidnapping and holding for ransom of foreigners, preferably Americans," is announced by the Mexican foreign office, according to advices today from Mexico City. The announcement says this "unique company" is made up of Mexicans and Americans on the border, this statement being supported by various consular officers. The foreign office says the association also is engaged in the "ignoble task of creating trouble between the two countries."

Based on the information the Mexican War Department, according to these advices, has issued instructions to military commanders on the border states to break up the kidnapping organization.

Ada Oddfellows Institute a Big Encampment

Ada Oddfellowship was enlivened Saturday night when an Encampment was instituted here with eighty candidates taking the work. The lodge will be known as the Ada Encampment No. 17 and will hold regular meetings semi-monthly.

The leading officers of the Encampment which were selected Saturday night are as follows: C. M. Chauncey, Chief Patriarch; N. R. Corkum, Junior Warden; L. L. Lewis, Scribe.

An Oklahoma City team of sixteen men proficient in the work came down and helped the local lodge confer the work and institute the Encampment at this place. In the early evening a banquet was served to the lodge at the Christian Church by the Christian ladies and plates were laid for 107 members, all of whom are profuse in their praise of the ladies for the splendid spread which was served.

26 per cent of the First Division were killed in action. Hear Major Dickson tell about it tonight.

DRY ACT BEFORE SUPREME COURT

RHODE ISLAND AND NEW JERSEY ARGUE LEGALITY OF FEDERAL PROHIBITION ACT TODAY

By the Associated Press.
WASHINGTON, March 8.—Legality of several portions of the Enforcement Act, as well as the general question of constitutionality of the prohibition amendment, were involved in the arguments today in the supreme court. The question of constitutionality is involved in the original proceedings brought by the state of Rhode Island, to have the amendment declared invalid, and its enforcement enjoined. In presenting their arguments attorneys for Rhode Island elected to be joined by New Jersey, whose attorney general had been instructed to ask permission to bring similar proceedings and participate in the arguments. Legality of sections of the enforcement act were involved in cases appealed from federal court decisions in Kentucky and Massachusetts. W. B. Wheeler, general counsel for the Anti-Saloon League, announced he would apply for permission to file a brief in these two cases, supporting the legality of the enforcement act.

Filing Time Closed; Plenty Of Candidates

The expiration of filing time for candidate Saturday night showed a numerous and goodly crop of aspirants for positions in the next city administration. The list as finally closed by the election board consists of eight candidates for city office and contains the names of some of the best known citizens of Ada.

The mayoralty battle will be a triangular affair contested by Gary Kitchens, the present incumbent, and Arden L. Bullock and E. S. Ratliff. There will be another triangular fight for the commissioner of accounting and finance. W. B. Jones, who is asking for a second term, is opposed by Mrs. Orville Snead and Milton Garner. Mrs. Snead is the first woman to announce for office in Ada.

The contest between P. H. Deal and W. S. Smith for commissioner of public works is the only two candidate affair on the boards. This contest will naturally be settled in the first election. T. P. Holt, L. Warr and W. L. Whitaker are announced for members of the school board from the 2nd and 3rd wards and the outlying territory respectively. B. M. Bobbitt is announced for treasurer of the school board.

CONGRESSMEN IN PITCHED BATTLE

ANTI GOVERNMENT FEELING CAUSES FIGHT IN HONDURAN CONGRESS IN WHICH MANY ARE KILLED

By the Associated Press.
MEXICO CITY, March 8.—Members of the Honduran Congress of Deputies engaged in a pitched battle during the third week of February, there being 20 killed and wounded, according to private advices received in this city, and published here today. Among those killed was Dr. Duron, President of the Congress. It is stated that the fight has resulted in a new revolution led by General Garcia, against the Gutierrez Government. Opposition to the government became so powerful recently that it was threatened, and during a session of the congress three weeks ago a deputy delivered a strong speech against Gutierrez. Enraged at this attack a government adherent shot and killed the speaker. Then followed a battle in the chamber between members of the body and followers of the president, who for the most part were soldiers. In addition to President Duron, three leading members of the opposition party, who had not taken part in the fight, were killed.

Births.
Born to Mr. and Mrs. Roy Sneed of 531 W. 3th St., this morning at 8 o'clock a 9 pound girl. The new arrival will be named Charlotte Elane Sneed. Mother and baby doing fine.

WILL LOCKETT CONFESSES CRIME

CENTRAL FIGURE IN LEXINGTON RACE RIOTS CONFESSES TO MURDER AND WILL DIE ON MARCH 11.

By the Associated Press.
EDDYVILLE, Ky., March 8.—Will Lockett, negro slayer of Genevieve Hardman, ten years old, and the central figure in the riots at Lexington February 10th, today confessed to the murder of two other persons, the probable murder of a third and another frustrated attempt. Lockett's victims, he told Warden Chilton in his cell in death row at the Eddyville penitentiary, were a white woman whom he attacked and killed in Illinois in 1912, a negro woman assaulted, choked and left for dead at Evansville, Ind., in 1917, and a woman of whose color he was in doubt, assaulted and strangled to death near Camp Zachary Taylor, Ky., in February, 1919, while he was in the army.

Lockett is condemned to die in the electric chair here March 11th, for the murder of the little Hardman girl.

LAST MINUTE NEWS

House Starts Long Debate.
By the Associated Press.
WASHINGTON, March 8.—The House embarked on a ten hour general debate on the army reorganization bill with Representative Anthony, republican, of Kansas, as the first speaker.

West Indies for Debt.
LONDON, March 8.—Premier Lloyd George replying to questions in the House of Commons today regarding the suggestion that the West Indies be transferred to the United States in payment of part of the British debt to that country, stated that there was not the slightest intention on the part of the British government to barter or sell any part of the West Indies.

President and Wife Ride.
WASHINGTON, March 8.—President Wilson went riding today in an open automobile. He was accompanied by Mrs. Wilson, Rear Admiral Grayson and Wilmer Bolling, Mrs. Wilson's brother.

Big Riot in Ireland.
LIMERICK, Ireland, March 7.—One hundred men armed with rifles and high explosives made an attack lasting one hour, on a police barracks at Doon, near here, early this morning. The police resisted with rifles and hand grenades and the attackers finally withdrew.

Arrest Emperor's Cousin.
BERLIN, March 8.—Gustav Noske, minister of defense, has ordered the provisional arrest of Joachim Albrecht of Prussia, cousin of the former emperor William, for an assault upon Captain Roughevin, a French officer with the inter-allied mission in this city, at the Adlon Hotel Saturday night.

Woman Breaks Arm.
Mrs. L. D. Howell of Gatesville, Texas, sustained a broken arm at the Frisco station in Ada late Saturday night. Mrs. Howell had been visiting a married daughter in Sasakwa for several days and was shopping in Ada Saturday afternoon. She went down to the station to board the southbound train which reaches Ada at 11:50, and in some manner slipped and fell on the edge of the platform, breaking her arm in the fall. After the broken member had been set by Dr. Ross, she boarded the train and left for her home in Texas.

They looked like women and fought like devils, says Major Dickson of the Scottish troops. Hear him at the Normal tonight.

Farmer's Barn Burned Sunday By Incendiary

The barn of G. W. Golightly, about five miles southeast of Ada, was destroyed by fire last night about 11 o'clock. The fire is supposed to have been started by an incendiary. The contents of the barn, belonging to a farmer named Toby, were a total loss. These consisted of 80 bushels of corn, 35 bales of hay and a set of harness valued at \$50.

It is said that Mr. Toby had been missing corn from the barn for some time and just recently put a padlock on the door to protect his stuff. It is believed that the miscreant who had been stealing the corn burned the barn when he found it locked. There is no clue to the guilty party.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New
Discovery so promptly
checks it

It's natural you don't want to be
careless and let that old cold or
cough drag on or that new at-
tack develop seriously. Not when
you can get such a proved success-
ful remedy as Dr. King's New Dis-
covery.

Cold, cough, gripe, croup does
not resist this standard reliever
very long. Its quality is as high
today as it always has been—and
it's been growing steadily in popu-
larity for more than fifty years.
60c. and \$1.20 a bottle at all drug-
gists. Give it a trial.

Constipated? Here's Relief

Not that often harmful, always
violent and temporary help that
comes from harsh purgatives, but
the comfortable, gratifying, cor-
rective regulation of stubborn bowels
so pronounced in Dr. King's New
Life Pills.

Tonic in action, they promote
free bile flow, stir up the lazy, thor-
oughly but gently cleanse the sys-
tem of waste matter and ferment-
ing foods, and give you keen zest
for hard work and healthful recre-
ation. All druggists—25c.

many of our friends and neighbors
were induced to follow. Eighteen
of us young men, French-Swiss
from the cantons of Geneva and
Vaud, settled on sixteen quarter
sections of land in Sumner county
—in Illinois and London town-
ships.

"Of the original eighteen, Mr.
Sauter said, only one still remains
on the land originally homesteaded
by the colony and he now possesses
three-quarters of a section.

"As most of us were unaccus-
tomed to a farmer's life and the
hardships that befell frontier set-
tlers, it was not long before our air
castles began to fall," Mr. Sauter
said. "Our ranks became decimated.
Some went back to the native
land, eight have gone to their last
pre-emption and others are scat-
tered over the United States."

Bring your clean cotton rags to
the Ada News office. We will pay
you 3c a pound.

Use of automobiles at least "once
or twice a week" are among the
many inducements to servant girls
and maids in St. Paul.

There's Magic, in

Red Cross Ball Blue

A hundred years ago, the magic,
dancing whiteness it gives to the
coarsest as well as most delicate
fabrics would have caused its user
to be hailed as a witch. To-day
she is the envy of her neighbors,
at much less labor to herself.
Makes clothes beautiful.

Buy it—try it—and you'll stick to it.

How One Letter Brought Settlers To Wichita, Kans.

By the Associated Press
WICHITA, Kan., Jan. 9.—The
first letter brought to the present
city of Wichita resulted in the im-
migration to Kansas of eighteen
young men from Switzerland, ac-
cording to Adrian Sauter of this
city, who was one of the immi-

grants. It is recalled the first let-
ter was brought by a stage mail
carrier back in 1869, addressed to
Earl Wichers, then located at Mc-
Lean's cow camp, near the pre-
sent site of Clearwater.

"Charles Cramer of Geneva,
Switzerland, wrote to Wichers who
had come to America after the
war between Prussia and Austria
in 1864-67, inquiring of the pros-
pects in the Great West," related
Mr. Sauter. "The reply being fa-
vorable, Cramer came at once and

RISE IN PRICE OF FOOD CHECKED

FOOD PRODUCTS ON THE WHOLE
CHEAPER THAN OTHERS—
NOW ONLY 30 PERCENT OF
FAMILY BUDGET

The latest information available concerning wholesale food prices indicates a sharp check occurring about the beginning of February, 1920. The New York "Annalist" publishes an index number showing the fluctuation in the average wholesale prices of twenty-five food commodities and this index number, which at the end of January stood at approximately 297, on February 28th had declined to 290. This is only four points higher than it stood at the same time in 1918, two years ago. The significance of this index number is increased by the fact that it is based on twenty-five food commodities selected and arranged to represent a theoretical family's food budget.

According to the most recent estimates of the Department of Labor, food is now a smaller percentage of the average family budget than ever before. Some time ago the Department found that the average American family spends about 38 percent of its budget for food, but when we allow for the relatively small increase in food prices since 1913 we find that the percentage of increase as applied to the family budget is only 30.8 percent. This is explained by the fact that while food prices as of October, 1919, had increased by 80.7 percent over 1913, clothing had gone up 139 percent, and furniture and furnishings 135 percent.

The largest increase in the items which must be bought by the average American family, has occurred in cloth and clothing. The Bureau of Labor Statistics index number for December 1919, shows that if we take the price of this group of items for 1913 to be 100, then in December, 1919, the price stood at 335. The next greatest increase has occurred in lumber and building materials, which, on the scale of 100 jumped from 98 in 1913 to 253 in December 1919.

The latest final data available concerning wholesale prices are the Index Numbers published by the Bureau of Labor Statistics for December, 1919. These give the following results for the chief groups, in reading which it is to be remembered that the average for 1913 equals 100:

Food	234
Farm Products	244
Cloths and Clothing	335
Lumber and Building Materials	253
Miscellaneous	220
All Commodities	238

These figures bear out the conclusion that food prices have advanced less than the average of all commodities, and also show that the price of farm products has advanced less than the average of all commodities, and also show that the price of farm products has advanced to a greater extent than that of food products.

Advance estimates for January, 1920, indicate that chiefly on account of the great increase in the price of sugar and potatoes, the index number of food prices for that month will show a considerable increase. As the advance in the price of sugar is probably temporary, however, it is believed that the check in wholesale food prices shown by the "Annalist's" February index number will be reflected in the Department of Labor's figures for February and succeeding months. Naturally some little time must elapse before this decline can affect retail prices.

GUARD YOUR LUNGS WITH LUNGARDIA

Each day demonstrates more clearly the merits of this preparation. In every mail the company office receives letters from all parts of the country filled with expressions of highest praise. For Influenza and its after effects, Acute Pneumonia, Deep Colds and Hard Coughs, Bronchitis, Croup or Whooping Cough, we ask you to give it a trial, after which we are convinced you will use no other. We believe it has no equal, buy a bottle today and put it to the test. Your druggist will recommend it.

Price 60c and \$1.20.

UNITED STATES ARMY *builder of* MEN

TEN years ago it was necessary for the United States Army to argue men into its ranks.

But, today the Army like every other great university, points with pride to its graduates.

Four million of the nation's choicest young men were entrusted to the Army's care.

MOST of them are back in the ranks of industry today; and every parent in America, every employer, every teacher knows that they are better, abler men for their experience.

They stand straight upon their feet, a symbol of physical fitness.

They have learned how to execute orders, and how to give them.

THERE is, in their characters, a maturity beyond their years, a vision and a self-confidence that are fundamentals of success.

The months that they gave to the Army were not lost months; the records of the future will show more rapid progress for them because of the qualities which those months developed.

THE United States Army is open for enlistments today. It wants no inferior applicants; it seeks young men of character and purpose; and it promises those young men that the term of their enlistment will be fruitful years.

They will come back to civil life in perfect health—their muscles, their eyes, their bearing all evidencing the finest professional care.

IT IS the purpose of the War Department to develop in the American soldier those qualities which are the essentials to success in any trade or business and are the prime requisites in an American citizen.

Congress has appropriated \$2,000,000.00 to be used in Educational work in the Army Schools. In many camps and posts men are being trained in the skilled trades and at practically all Army stations, schools are in operation in which the soldier can improve his education.

Through enlistment the United States Army offers opportunities to travel. It provides good food, good clothes and good care. It gives a training which brings health—physical development—mental quickness and self-confidence. It sends you back to civil life better equipped for American citizenship than when you enlisted.

Where the U. S.
Army serves

American troops are serving in Panama, Hawaii, the Philippines, Alaska, China, Germany, Siberia and here in the U.S.A. The Recruiting Sergeant will gladly give you all the details.

Like every one else in the Army from General to Buck Private, you're under orders and if your outfit moves and you're needed elsewhere, your duty is to go.

A Personal Interview Involves no Obligation

THE NEAREST U. S. ARMY RECRUITING STATIONS ARE

112 EAST MAIN STREET
ADA, OKLAHOMA

The Fourteen Arms of the Service

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier the United States offers all its men—in many branches you can get highly specialized training.

INFANTRY—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

CAVALRY—When the horses are champing at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. Horse of your own—a good outdoor life and training for future success.

FIELD ARTILLERY—"Action Front" comes the command—then watch the boys with the red hat cord snap into it. A happy outfit—with the dash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is known the world over for its excellence, and an enlistment in the Engineers can be the start of a young man's training in the various branches of Engineering and in any of the mechanical and building trades.

COAST ARTILLERY—Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also mans the mobile big gun regiments throughout the country.

AIR SERVICE (including BALLOON CORPS)—The man who gets the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and its going to be a profitable business for men with the right experience.

ORDNANCE DEPT.—The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

SIGNAL CORPS—Whether its laying a wire from a reel-cart at a gallop or installing a wireless station that will flash its message half around the world, the Signal Corps is there and a man who learns radio telegraph and telephone work in the Signal Corps is always valuable.

MEDICAL DEPARTMENT—Good experience, good pay and training in all branches of hospital work and in the Dental Corps. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

TANK CORPS—The man who knows gas motors and tractors or who wants to know them is invited to join the Tanks. Radio, machine gun and ordnance work are all part of the Tank Corps work.

QUARTERMASTER CORPS—The corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horses in the Remount Service.

CONSTRUCTION DIVISION—Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

CHEMICAL WARFARE SERVICE—For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

MOTOR TRANSPORT CORPS—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.

Shallow Oil Near Roff Is Showing Good

The shallow oil field near Roff is gradually being developed by Smith Brothers, a firm composed of John E. Smith and Sam Jones Smith. They now have four producing wells the sand being reached at less than 400 feet. The last well brought in, Brashers No. 3, is good for ten barrels, and the other three are about as good. These are all in Section 17-2-4. The new one is in the northeast quarter of the southeast quarter of the northeast quarter in the section.

With a daily production of about 40 barrels, the operators are making preparations for shipping the oil. For the present it will be hauled by truck to Roff and there loaded on the cars. The oil is heavy, but it is claimed that the oil contains valuable by-products which will cause it to bring more than the market price for most crude Oklahoma products.

With the bringing in of these shallow wells, interest in the Roff country is increasing and many oil men have been on the ground looking for leases. While the production of the wells is not great, the cost of drilling is so small that the wells

are good payers, especially now that the price of oil has gone so high.

To Prevent Influenza
Colds cause Grip and Influenza—LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. Groves's signature on box. 30c. adv

Pittsburg County Guardian: An Ada man has sued for divorce on the ground that his wife whipped him. Think what a poor chance he would have of getting a divorce if the judge in the case were of the feminine persuasion. Moral: Hen-pecked husbands had better hurry, while the hurrying is good.

THE CRIME NOW IRREPARABLE

From Muskogee Phoenix

History will record as one of the greatest crimes of this era the treatment given to the peace treaty and the League of Nations in the United States senate. We may question whether this country will not be linked in the minds of distant generations with Germany as a partner in the great sin against mankind. And the names of Lodge, Reed and Borah will perhaps go down in history with those of Nero, Attila and Wilhelm.

The universal hope, all over the world, during the war, was that this might be the last great war. It was expressed every day for four dreadful years. It was an inspiration in the trenches. It enabled burdened peoples at home to make the sacrifices asked of them. It was the great thought, the high aim, the sustaining purpose of all the nations. Naturally, it was the first great purpose to be considered in making peace.

With all his mistakes, President Wilson deserves the high praise of remaining faithful to this noble thought. He believed that a League of Nations would prevent future wars. The other countries were willing to make the experiment. The end sought was so magnificent that he was willing to make and did make many concessions to secure it. It was his contribution to the treaty and to the history of human advancement.

This fact should have brought instant ratification of the treaty. The exceptions taken to it were not honest, because they involve nothing important. They sprang from personal hate and party bitterness of the most contemptible sort and should, and will, so far as they are remembered, damn these leaders of traitors to humanity for all the ages to come.

They have accomplished their evil work. Believing in the value of the treaty when framed, as we do, we must confess that it matters little today whether it is ratified or defeated. What it did has been undone. What it hoped to do has been made impossible. While we were wrangling and deposing high ideals from their places, the rest of the world had to act. It has acted; and the pernicious method has been restored, the old selfishness enthroned, the old distrust and jockeying for advantage reappeared. For what the senate has done the world will pay in a future war, as much more terrible than the last as it was than any that went before it.

WHERE AMERICANS LIVE

In a recent issue of the Southern Review a striking tribute is paid the South by Irvin S. Cobb. He notes the fact that of the immense sums appropriated by congress for the extermination of secessionists, not a penny is being spent in the South. Of that large force of Federal Marshals and detectives rounding up the Reds in this country, not a one is working in the South. Such a situation carries a wonderful tribute to the loyalty and Americanism of the people below the Potomac and Ohio rivers.

The exemption of the South from seditious influences is due to one circumstance. It has been free from foreign immigration. It is true that many of the South's most progressive citizens have looked longingly towards that horde of foreigners peopling the North and West and have regretted that such immigrants studiously avoided the Southern states, but their wishes were void of fulfillment. The cities of the East doubled their population and the prairies of the west were converted into gardens while the cities of the South were stationary and Southern pine-lands remained untilled.

But what the South has considered her calamity has proven her salvation. By escaping the influx of foreign immigration she escaped the noxious poison of seditious doctrines. Her cities are not so large and her waste lands lack cultivation, but her sons and daughters are Americans to the manner born. No bolshevist is heard delivering his blatant blaspemies anywhere in the South. The revolution of the proletariat is not heard in her midst. They remain true to the traditions born in the smoke of colonial campfires and drink at the fountain opened by the fathers in the revolutionary times.

The Manufacturers Record recently said that if one looks today for one hundred per cent Americans, he must look for them in the states of the Old South. The statement may be misleading, for in many other sections of the Republic Americanism remains undefiled. But it is a fact that in no other section of this nation will you find the people unanimously wedded to our ancient doctrines and animated by our ancient faith.

Wallace Reid in "The Valley of the Giants"

TO NOMINATE WILSON, J. HAM LEWIS PREDICTS

KANSAS CITY, March 6.—Election of Woodrow Wilson by acclamation at the national democratic convention in San Francisco, was forecasted by former United States Senator James Hamilton Lewis, of Illinois, in an address before the Missouri democratic women here today.

"Be not surprised," Mr Lewis said, "if the democratic convention at San Francisco—despite anything the president wishes—seeing that the issues of any candidate must be the things done by Wilson—shall after complimentary ballots to the candidates, name by acclamation Woodrow Wilson as the embodiment of all that the issues of the coming campaign represent. He will not have to make speeches. He has his deeds in the heart of every house hold where there is a man to preserve from death or a woman to save from sorrow."

"The nation is of one mind that this is a good time to test whether principles or prejudices control the American senses."

The Strong Withstand the Winter
Cold Better Than The Weak.

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the cold weather by taking GROVE'S TASTELESS CHILL TONIC, which is simply IRON and QUININE suspended in syrup. So pleasant even children like it. You can soon feel its strengthening, invigorating effect. Price 60c. adv

ADA TO ENTERTAIN DISTRICT CONFERENCE

The Durant District Conference of the M. E. Church, South, will meet in Ada March 16-18. This district has in its territory the following counties—Pontotoc, Johnson, Marshall, Coal, Atoka and Bryan. The Methodist have in this district twenty pastors, forty one churches, with three thousand eight hundred thirty five members, last year. There should be at this conference more than a hundred delegates.

The program is an attractive one, and the people of Ada should avail themselves of this opportunity to hear some very vital subjects discussed by some very able speakers.

C. V. Dunn left this morning for Oklahoma City where he will be gone for several days attending the International Church World Movement Convention which will be held there this week.

Live an hour under gunfire. Hear Major Dickson tonight.

Ladies, when you are wondering how you are going to remedy that soiled dress or suit, call 999. We will relieve you of the worry. Johnson & Auld, tailors. 3-5-3td

Hear "The Battle of Verdun" tonight at the Normal at 8 o'clock.

Mrs. A. M. Stuart and Miss Allie Arrington, both of Centrahoma, were visiting friends in the City Saturday.

Supreme Court Hands Down Decision in the Matter of Income Tax

By the Associated Press
WASHINGTON, March 8. — The provision of the income tax act of 1918, taxing as income stock dividends declared by corporations out of earnings and profits, accruing subsequent to March 1, 1913, were held unconstitutional today by the supreme court. Justice Pitney in rendering the court's decision, stated that stock dividends are no more than "book adjustment" and do not change the nature, character, mutual relation or interests of a corporation. The court divided five to four. Justices Holmes and Day joining in one dissenting opinion and Justices Brandeis and Clark in another.

Misses Ruth Richards and Mildred Crawford returned to their homes in Wapanucka this morning after visiting friends and relatives in the city.

WALTER S. SMITH IS FOR A BETTER CITY

Walter S. Smith, whose announcement as a candidate for commissioner of public works and property is seen in the regular announcement column of this paper, says he believes in making Ada the best place in which to live in Oklahoma. This, he believes, can be done by having better streets and keeping the water system, the sewage system and the other public works of Ada in first class condition.

Mr. Smith is as well acquainted with the requirements of Ada as any other man in the city. He has lived in Ada ten years, during which time he has worked at the cement plant, at the various cotton gins and on city property. While Hugh Bennett was in office he was on the job on the streets and with the water works, learning every detail of the construction and requirements. This intimate knowledge of the city property as it stands today and the insight he got into the needs for the future permits him to go before the voters with the knowledge that he knows what he is doing. There will be no experimental work if he is elected to the position.

Walter Smith is known to all the working men and he himself is a working man. He is not prejudiced, however, and believes in every one,

whether he be a ditch digger or a "bloated plutocrat," getting a square deal. Mr. Smith says it takes all kinds of men to make a town, and every man is worth something. The candidate has always worked. In fact, he knows nothing but go ahead and work at a job with his entire power. He asks the public to give his candidacy consideration when the votes are cast on March 16th.

Ada Playhouses

The Liberty.
Today at the Liberty is the opening date for "Little Miss Manhattan Co." in the title "The Runaway Girl" featuring clever comedians, latest song hits and dances by a bevy of beautiful girls.

The screen offers Warren Kerrigan, the powerful character actor, in "One Dollar Bid."

The American.
The screen at the American today offers Pearl White in "The Black Secret." This is a picture full of vim and excitement as beautiful Pearl White knows how to put the "pep" into her acting.

Also a comedy that will keep U laughing all the time and last but not least Pathe News showing all the latest international news just as it happened.

Dr. Elkins Delivers Able Sermon on the Subject of Darwin

The Sunday evening sermon delivered by Dr. Elkins at the Church of Christ was well attended. Being in part as follows:

Some of the so-called modern scientists, following the Darwin theory, hold that Man is a product of evolution. That is to say, all the animal world came from a single organic cell and from the lowest form of animal life. For example the cell developed into a worm and in its movements run up against something with one end of its body and by butting millions of years a head was produced, and so from such premises they argue that the processes of evolution have made or evolved an animal called Man. This theory is taught today in our schools of higher learning.

This theory is false and therefore untrue because nothing is now produced from a single organic cell. If there ever was a single organic cell and it produced or established the present laws of nature and two organic cells, male and female, but had not the power to reproduce itself. Admitting for a moment for the sake of argument that there was a single cell and that all animal life and organic formation evolved therefrom, what made or created this first cell? There was a first cause—God. "Incomprehensible and difficult as it is for a man to conceive what a first cause—God—is, he arrives at the belief of it, from the ten fold greater difficulty of disbelieving it. It is difficult beyond description to conceive that space can have no end; but it is more difficult to conceive an end. It is difficult beyond the power of man to conceive an eternal duration of what we call time; but it is more impossible to conceive a time when there shall be no time."

The mind that wrote the Bible told events of the future. It could just as easily tell the events of the past. We know that it wrote correctly of the future, the past as described in the bible and supported by documentary and monumental evidence as well as co-temporary history and tradition we believe. There is not a single geographical, historical or chronological error in the bible.

To know these great facts is to know that the evolution of Man theory is a fancy, a figment, Gen. 1. The morning sermon. The philosophy of the Parables of Jesus, was very interesting. Being in part as follows:

Parables are comparisons that

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No gripping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' little Olive Tablets at bedtime. 10c and 25c

Jesus used to illustrate, explain or convey moral truths. In the parable of the sower, Matt. 13, Jesus names six classes of soils in which seed of the kingdom would fall or be planted. The third class gets nearly all the seed, and the cares of the world and the deceitfulness of riches choke the word or seed and no fruit is produced. There are a few seed, however, that fall in the good soil. fourth, fifth and sixth classes, or gold, silver and precious stones, 1 Cor. 3:11, that produce much fruit, 100, 60 and 30 fold.

These are they who hear the word, understand it and obey it; who love the brethren and are cheerful givers; who manifest that high principle of love by obeying the commands of the Great Master

East Central Now Has Good New Library

East Central State Normal has a library of which she is justly proud. From a small collection of books, 375 in number in 1912, there are now 5884 volumes in circulation. When Mr. Wilson took charge of the library in 1912 there were in addition to this small collection of books only a few magazines and no classification of books, no organization and no indexes. At the present time the library ranks as third in size with the normals of Oklahoma. While Edmond and Alva have more volumes in their libraries than Ada, the East Central library is strictly up to date. The editions are the latest and duplicate copies are plentiful. In this way several readers may have access to certain books at the same time.

The duplicate copy idea has been carried out very largely through a plan that has proven popular with instructors and students. In addition to purchasing the regular text, students are frequently invited to contribute a small amount for the purpose of adding a number of books for reference on this particular course. Occasionally the text book is eliminated altogether and a part of the money that would have been spent for one is used for collateral reading and this is left in the library at the close of the term.

To the students who are enrolled at East Central the library furnishes ample opportunity for general reference, work supplementary reading and opportunity for research along particular lines—especially educational. More than 200 books are circulated every day.

While the library does not contain a great amount of fiction, it contains practically all of the standard authors and many of the best of the current writers. This is one of the popular departments of the library.

Not only are the students of the Normal given access to the library but many other people of Ada make frequent use of it. The high school students have used it extensively in working up their debates. A week-end rarely passes that the East Central reading room is not visited by numbers of teachers from the city schools.

While the resources of the library have been taxed to the limit in taking care of residents, teachers from over the district are helped by occasional lending of books and frequent questions concerning how data upon subjects that are of interest to their own particular schools are answered by Mr. Wilson and the library staff.

The same kind of printed cards are used in the East Central library as are used in the library of con-

gress at Washington. This is a dictionary catalogue and each book is listed under author, title and subject entry. The library of congress has cards indexing all the leading educational publications.

The library has the readers' guide dating from 1910 to the present. This indexes over one hundred of the leading periodicals and files of these periodicals durably bound are available to those interested.

The library is enjoying a period of prosperity. During the past three months 42 new volumes have been added and orders are now out for 200 additional ones. These books are greatly needed and will add materially to the effecting of the collection.

Originally the library occupied only one room. This space soon became inadequate and since Dr. Gordon came to East Central as president two other rooms have been added and the first room is used exclusively as a reading room and study hall. At the present rate of growth the library will soon need new quarters.

Notice.

If there is sanitary work left undone, notify Mack Rinehart, phone 813J.

PUBLISH MY LETTER

Says Mrs. Ovenstein, So Other Suffering Women May Learn How to Get Well.

Chicago, Ill.—“I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women had been helped by Lydia E. Pinkham's Vegetable Compound so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about your wonderful Vegetable Compound and you have my permission to publish my letter so other women who suffer may learn how to get well.”—Mrs. IDA OVENSTEIN, 902 S. Marshfield Ave., Chicago, Ill.

This good old fashioned remedy is made from native roots and herbs and contains no narcotics or harmful drugs.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Tulsa World: A Pawhuska man shot his wife to death Saturday, while a Chicago husband was prevented from killing his spouse Sunday. The worm seems to have turned at last.

Announcement

The return of the St. Louis-San Francisco Railway to its owners carries with it the definite obligation of public service.

This responsibility we accept. It will be our effort to make our service merit patronage.

Problems confront us that can be solved only by patience and a cordial understanding between transportation agencies and the public. This understanding we will seek to cultivate.

Transportation facilities have not kept pace with the remarkable growth of the Southwest. This condition was unavoidable, but can and will be remedied.

New equipment is necessary to handle the constantly increasing traffic, due to the industrial activity in the territory served by Frisco Lines. It has no equal. Already we have received 4,500 new freight cars and 50 locomotives. Our duty to further increase our facilities is recognized.

The organization of this Company throughout is composed of tried and experienced men, long familiar with the problems of Frisco territory.

It will be our pleasure to serve the public.

The State Press

McAlester News Capital: Some society lights who observed a Cheyenne dance guessed that the Indian maids invented the "shimmy." Well, the Cheyenne girls might have originated the musical movement, but they never expressed it the same way that a bare-legged chorus does.

McAlester News Capital: Ft. Worth has decided to close its business and pleasure doors on Sunday. Makes a man feel like there is something left of religion in the world after all. Or perhaps the workmen just got tired of the eternal seven day grind.

Miami News: The average man never feels so rich as when he selects something he can't afford and tells the clerk to wrap 'er up.

Miami News: We wonder why the little nations in Europe were more deserving than Korea—or is justice blind when there is a navy in the way?

Oklahoma City Times: Mother is apt to think daughter is accomplished when she takes music lessons, although there are a lot of bum cooks in this country.

Oklahoman: When a man sits down and daydreams about becoming a millionaire by the oil route, he feels that he can afford to order a larger steak for dinner.

ADVISE YOUNG MEN TO STUDY RUSSIA

RED CROSS EXECUTIVE WHO HAS BEEN THERE SAYS THE COUNTRY PRESENTS AN OPPORTUNITY.

NEW YORK, March 8.—"When freed from the blight of Bolshevism and restored to normal conditions, Russia will offer mighty advantages to the young men of Europe and America, especially to young men of education and energy in whose veins is coursing the red pioneer blood inherited from their fathers," said Dr. Edward H. Egbert, formerly chief surgeon of the American Red Cross in Russia, and now an officer of the American Central Committee for Russian Relief, who has spent most of his time in Russia since the outbreak of the World War, in a statement here today.

"Russia will need and call for such human energy and not only would Russia and the young men benefit from the pioneering and prospecting of their way through this great land of opportunity as their fathers had done in similar lands beyond the Mississippi, but the whole world would benefit thereby."

"It would benefit not only in the increased production of the necessities, comforts and luxuries of life, but in the cementing of friendly relations of two great democratic people as well."

Dr. Egbert urges young men, especially those now students in scientific and technical schools and agricultural colleges, to study Russia, her needs and her language, with the idea of making that country the field of their life work, once order has been restored.

The American Central Committee for Russian Relief, which has been

THAT ALL MAY KNOW THE FACTS ABOUT ME

It has been circulated in Ada that I am a foreigner, the circulators of such statements basing their opinions on my name. I want to say that I am as much an American as any man who breathes the breath of life. My father was born in Switzerland in 1825, came to this country in 1840, and has never returned or cared to return to Europe. After arriving here he served for five years as an apprentice in the tanner's trade. When the war broke out with Mexico in 1846 he enlisted at once and served as long as the war continued.

At the end of the Mexican war he settled in Mississippi. When the war between the states broke out he enlisted in the Confederate army and served two years, at which time he was sent back home to tan leather for the government.

Personally, I have never been out of America, know no language but English, and am willing to match my Americanism with any man's.

E. E. UELTSCHKE, Candidate for Commissioner of Public Works and Property. adv

Election Proclamation

By the authority vested in me by the Charter of the City of Ada, Oklahoma, I hereby call a primary election in and for said city to be held in the various voting precincts of said City at Ada, upon the 16th day of March, 1920, same being the third Tuesday in March, for the purpose of nominating candidates to be voted for at a general election to be held on the first Tuesday in April, for the following offices provided for by the Charter of the city of Ada, Oklahoma, to-wit:

Mayor and Commissioner of Public Justice and Safety. Commissioner of Accounting and Finance.

Commissioner of Public Works and Property. A member of the Board of Education of the City of Ada and outlying district.

A member of the Board of Education for said district from the Second Ward of said City.

A member of the Board of Education for said district from the Third Ward of said City.

A treasurer of said School District. The election to be held under the supervision and regulations of the Pontotoc County Election Board and according to the provisions of the election laws of the State of Oklahoma and the charter of the City of Ada, Oklahoma.

The following places are hereby designated as polling places in the respective precincts or wards: First ward—Police Station at City Hall.

Second Ward—Baker-Ried Motor Co., of Ada, 113 N. Broadway.

Third Ward—Ellis & Son, 208 West Main.

Fourth Ward—Ada Marble Works 217 W. 12th Street. The polls shall be opened at 8 o'clock A. M. and shall remain open until 7 o'clock P. M. The regularly constituted and authorized election officials as provided by the County Election Board shall conduct said election and be in charge of said polling places.

Done this 26th day of February 1920. GARY KITCHENS, Mayor and Commissioner of Public Justice and Safety, City of Ada, Okla. 2-26-10td

Jessie Rogers Makes Claims in Candidacy For County Clerk

In making my announcement for the office of County Clerk I wish to state I do so on my own initiative. I am asking for this office at the hands of the democratic voters of Pontotoc County because I want

it and feel that I am qualified to perform the duties of the office efficiently.

I wish to state to the voters with whom I am unacquainted that I have been a resident of Pontotoc County since 1902. I have been associated with different business firms in the City of Ada for seven or eight years, and as deputy court clerk for the past three years, where I have had an opportunity to familiarize myself with the records.

In the event I am elected I wish to state it will be my earnest endeavor to perform the duties of the office in a manner which will reflect creditably upon the voters of Pontotoc County, to give every one the best service possible, and any one having business to transact in that office will receive prompt and courteous treatment.

JESSIE ROGERS

Foley's Honey and Tar COMPOUND

LOOSENS THE PHLEGM AND MUCUS, cleans the air passages, coats inflamed and irritated membranes with a healing and soothing demulcent, eases hoarseness, stops tickling in the throat and makes refreshing, restful sleep possible.

Banished La Grippe Coughs

Lewis Newman, 506 1/2 Northland St., Charleston, W. Va.: "I am glad to tell you that Foley's Honey and Tar is the best remedy for lung trouble I have ever used. I have been down sick ever since January and nothing would do me any good. I was full of cold. I had the grip all winter until I got two bottles of Foley's Honey and Tar. I used 1 1/2 bottles. I am glad to say I can't feel any more cold in my chest."

Foley's Honey and Tar Compound gives prompt relief from coughs, colds, hoarseness, tickling throat, whooping cough, spasmodic croup and bronchial coughs.

SOLD EVERYWHERE.

cause of her remarkable talent in the portrayal of dramatic roles. Miss Darmond entered screen work after a stage career in which she played

Snake Oil

Positively Relieves Pain in Few Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A new remedy used internally and externally for coughs, colds, croup, influenza, sore throat, diphtheria and tonsillitis. This Oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden and odorless.

Get it at Gwin & Mays Drug Co.

in many notable productions, and she was associated with some of the most famous players in America.

In this production Miss Darmond portrays the role of the beautiful niece of Colonel Pennington, who is trying to wring from James Cardigan, a pioneer California lumberman and founder of the city of Sequoia, a valuable strip of land known as the Valley of the Giants. Cardigan has instilled into the mind of his only son, Bryce, which part is played by Wallace Reid, that he must protect the valley with his life if necessary, as it was a gift to his dead mother, who lies buried there, and which is, therefore, sacred to both father and son.

Bryce is about to build a railroad out of the valley, thus opening up its vast resources to the outside world, when the cunning Colonel Pennington bribes the mayor to vacate his (Bryce's) franchise. Cardigan despairs and is about to sell the valley to Pennington when Judge Moore informs him he has an unknown client who will pay twice as much as Pennington. The client proves to be Shirley, Pennington's niece, who

buys the land and then marries Bryce, who is in love with her, thus saving the beautiful Valley of the Giants from falling into Pennington's possession. James Cruze directed the picture and it was photographed by Frank Urson.

Bullock-Boon.

The nuptials of Mr. J. H. Bullock and Miss Katie B. Boon were solemnized yesterday at the home of the groom's sister, Mrs. Maggie Fuller, by C. V. Dunn, minister of the Christian Church. The marriage took place a little after 3:30. Mr. Bullock is a farmer living about six miles from Ada, while Miss Boon has been teaching school. Mrs. Bullock will finish Miss Boon's school for the year. Their many friends wish them much happiness.

Born.

To Mr. and Mrs. Ballard Blake this morning, a 10 pound girl. They have named her Madeleine LeMoine Blake.

Mrs. Chas. Barnett returned this morning from Oklahoma City on business.

HAPPIEST WOMAN IN THE STATE NOW

"I believe I'm the happiest woman in California today and it is all because of what Tanlac has done for me," said Mrs. Eugene Smith, a prominent and popular Los Angeles woman who resides at 680 West 52nd St. Mrs. Smith is an officer of the Eastern Star and other organizations.

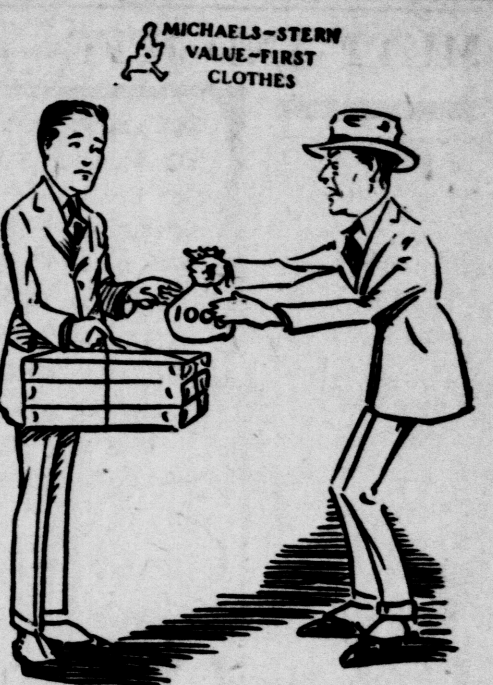

"For six years I suffered from a complication of troubles that finally led to a general breakdown. I had awful pains around my heart, which I was told, was caused by pleurisy. My kidneys were in such bad condition that I had constant pains in my back and my neck and shoulders would get stiff at times and my limbs swelled so I could hardly walk. I was so nervous that even the ringing of the door bell upset me and it seemed impossible to get a good night's sleep. I tried everything I could hear of to get relief, even to having all my teeth treated, but kept getting worse and became so weak and emaciated that I weighed only one hundred pounds. Finally they took me to the hospital and I stayed there six weeks, but did not seem to improve in the least, so I was brought home and had just about given up hope when a friend persuaded me to try Tanlac.

"I began to feel better after the first few doses and by the time I had taken four bottles of Tanlac I had gained eighteen pounds in weight and felt as well and strong as I ever did in my life, for every one of my troubles had left me. "The results from Tanlac must be permanent, for it has been four months since I took my last dose and I feel as well now as I did then, and I think I would be ungrateful not to tell others what a wonderful medicine Tanlac is."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

Woman in Shawnee Race

By News' Special Service: SHAWNEE, Okla., March 6.—Mrs. G. C. Abernathy, wife of Judge G. C. Abernathy of this city, filed her announcement today as a candidate for the city council from the sixth ward. Mrs. Abernathy is the first woman candidate for such an office in this section of the state. Her husband is prominently mentioned as a candidate for congress from this district.

Going into the wholesale market today with a thousand dollars

To buy men's all wool Suits is almost like sending a boy to the Grocery store for a yeast cake.

Even the poorest men's clothing is asking a King's ransom—so it behooves you to know what you are buying—how much profit you are paying—and what you are getting.

If you come here, you'll get the truth first—you'll get your money's worth next—you'll pay only a fair profit and you will get Clothes that you will be proud of.

In short—we are still doing business on old time honest principles even though we can't bring back the good old fashioned prices.

Ford

THE UNIVERSAL CAR

The Ford Coupe has an especial appeal for real estate folks because of its splendid up-to-date appointments. A comfortable and dependable motor car every day of the year—shine, rain, mud or snow. Equipped with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires all around it, brings its owner all those established dependable Ford merits in economy in operation and upkeep, with assured long service. Not alone for professional and business men who drive much, but as the family car for women, the Ford Coupe meets every expectation. The demand for them increases daily so we solicit immediate orders to make reasonably prompt delivery. Will you not make our shop your repair place? Genuine Ford parts and skilled mechanics.

W. E. HARVEY

Fords and Fordson Tractors Authorized Sales and Service

The Missouri, Kansas and Texas Lines have been "mustered out." The necessities which influenced operation of the railroad by the Government have been met. With pride in its contributions to the Nation's need during the war emergency, the Katy has resumed its peacetime relationship to the Southwest, with adequate and efficient transportation service to the developing industrial and commercial needs of Missouri, Kansas, Oklahoma and Texas as its primary responsibility.

It is the ambition of the M. K. & T. management to discharge this responsibility fully, and to merit public confidence, co-operation and good will. With these purposes in view, the railroad's obligation of service to the public will be kept consistently in mind.

Since 1914 there has been a steady increase in the volume of traffic which the M. K. & T. Lines have been called upon to handle. Conditions have been such that there could not be a corresponding increase in the railroad's transportation capacity. Enlargement of our transportation capacity is therefore essential to the restoration of pre-war service and standards. It is our purpose to restore such service and standards as speedily as possible, and in this purpose we shall value public friendship, co-operation and support.

The Southwest is entering upon a new era of development. In this development the M. K. & T. desires to aid in every way practicable.

To these ends the M. K. & T. management earnestly solicits the helpful suggestions of its patrons, public officials and commercial organizations in the communities which it serves.
